

## Best Practices In Managing Insurance Claims

April 17, 2015 | [Claims](#), [Policyholder Protection](#)

Join Barnes & Thornburg insurance recovery attorneys on **Tuesday, April 28**, from 3 - 4:30 p.m. for a discussion regarding best practices in managing insurance claims. During this webinar, featured speakers Kara Cleary, Adam Hollander and Andrea Warren will address: **The Importance of Choice of Law** This overview will identify several fundamental variations in substantive state coverage law, different choice of law approaches throughout the country, and choice of law issues that all policyholders should consider to optimize their chances for a successful recovery. **Top Ten Tips for Pre-Litigation Coverage Practice** This practical assessment will highlight the importance of initial communication with your carriers and provide best practices for getting your claim paid without litigation—or improving your position if coverage litigation is necessary. **Strategies for Creating a Risk-Reducing Organization and Tips for Litigating Insurance Coverage Issues** This discussion will offer strategies for minimizing risks at an organizational level and tips for litigating coverage issues in the event that an organization has a dispute with its carrier. To learn more and register, click [here](#). Webinar access and dial-in details will be delivered upon registration.
