Join us for a discussion where leaders from Barnes & Thornburg's Financial and Regulatory Practice Group will discuss various issues related to best practices for disclosures as COVID-19 continues spreading across the country and the world.

The discussion will address:

- Recent SEC guidance regarding disclosure and other securities law obligations related to COVID-19

- Private securities litigation and potential litigation related to COVID-19
- Enforcement and potential enforcement focus related to COVID-19

The session will feature an extended Q&A; questions will be taken at that time. In addition, when registering, you will have the opportunity to submit questions that could be addressed during the discussion.
