Join the women of Barnes & Thornburg on International Women's Day for high tea at The Umstead Hotel.

We will gather for high tea followed by an hour of continuing legal education credit. The program will outline, from the perspectives of the licensor and licensee, the strategic considerations of licensing and collaboration agreements. The focus will be on licensing chemical, pharmaceutical, and biotech assets, where the primary value is driven by the underlying intellectual property.

Let's gather to celebrate our achievements. Only together can we build an inclusive workplace so women thrive.

Limited space available, [by invitation only](#).

1.0 hour CLE credit pending.

The safety of our community is our highest priority. All federal, state, and local masking guidelines will be followed.
