High-profile sexual harassment claims and the spike in #MeToo actions are spurring employers to action. Where do we begin? How do we make a difference?

From manufacturing and processing plants to warehouses, newsrooms, and offices of all sizes, employers face similar challenges:

- How do we prevent sexual harassment?
- How do we handle petty indiscretions?
- How do we train employees more effectively?
- How do we create healthy, civil workplaces?

Please join Barnes & Thornburg and Catharsis Productions for a *Sexual Harassment Summit* to chart a new course.

Our Summit includes an overview of recent developments, and an interactive, roundtable conversation about sexual harassment.

We want to hear from you about what works, what doesn't, how to reduce risk, and how to increase productivity. Together, we'll have the chance to be on the ground floor of innovative, dynamic strategies to solve workplace challenges, including harassment and assault.

Barnes and Thornburg's Labor & Employment Department is proud to join forces with nationally known [Catharsis Productions](#) (a leader in sexual assault prevention in the military and university settings) to host this Sexual Harassment Summit.
