Industry Forum

How Outsourcing Can Help Your Company Thrive

For any company trying to bring a new therapy to market, the best way to tap into the expertise and technology you need is to work with a contract manufacturer. Indiana is home to a number of these key partners who offer services that can help lower R&D and production costs, accelerate time to market, and provide a regulatory partner. Please join us as we hear from three local CDMOs to understand their niches, and learn how and why being in Indiana is helping their business models.

The program will feature a Q&A session. You may ask questions during the Q&A or submit them when you register.

Questions? [Email Blakelee Kortz](mailto:Blakelee.Kortz@btlaw.com) or call 317-231-7316.
