Please join us for a unique series of events to assist women to prepare for boardroom opportunities, beginning with a Kick-Off Event sponsored by Barnes & Thornburg LLP and Major, Lindsey & Africa featuring women who advise and serve on boards.

Although women now make up approximately half the workforce in Corporate America, the number of women serving on boards of major companies hovers around 20%. Are you interested in learning more about the ins and outs of board service so you can be better prepared to seize the opportunity to serve on one? Barnes & Thornburg LLP and Major, Lindsey & Africa want to help you position yourself to confidently pursue a board position in order to provide your unique value to a company's board. This lecture series is designed to provide professional women with information and the skill sets to understand and capitalize on board opportunities if and when they should arise.
