

FINANCE, INSOLVENCY AND RESTRUCTURING LITIGATION

WHEN IT COUNTS

Barnes & Thornburg finance, insolvency and restructuring litigators advocate our clients' rights in bankruptcy court, trial court, and appellate levels in state and federal courts throughout the United States. We also represent clients in alternative methods for resolution of disputes outside the courtroom, through negotiation, arbitration, and mediation.

The range of legal practices among the firm's finance, insolvency and restructuring lawyers enables us to tailor the staffing of litigation to the size and specialized elements of each case. Our complement of litigators gives us the resources to commit an aggressive team when needed for complex cases and emergencies. We have developed systems for early evaluation of cases, case-management planning, and budgeting to enable us to conduct litigation in a manner focused on achieving our clients' objectives.

Our litigation support staff includes legal assistants, a licensed private investigator, research librarians, and computer specialists. These in-house capabilities reflect our continuing sensitivity to the ever-increasing need for sophisticated services while at the same time controlling the cost of litigation.

Why Barnes & Thornburg?

Finding new ways to help clients identify solutions and new business opportunities, across industries, is at our core. We are, at times, more than lawyers, we are advisers bringing new ideas to light. We understand what keeps you up at night and work collaboratively to find practical and creative solutions, at the heart of business.
