Every employer subject to the OSHA Emergency Temporary Standard (ETS) wants to know how permanent the injunction against the ETS is and what steps to take during this period of ETS uncertainty.

Why do federal contractors still have to mandate and what are the practical realities are with respect to negotiating vaccine mandates for a unionized workforce? We'll answer all of these questions (and others as time permits).

The webinar will feature a Q&A session. You may ask questions during the Q&A or submit them when you register.
