Partner

Watch On Demand

We know labor and employment legal issues keep you up at night. Employers of all sizes list labor and employment law compliance as one of their biggest concerns. Many lack confidence in their ability to comply with the ever-changing HR rules and regulations. To help, Barnes & Thornburg has teamed up with Michiana SHRM and Michiana Human Resource Association to bring you a labor and employment legal update series on the last Thursday of every month. Barnes & Thornburg's Labor and Employment Attorneys and their guests will kick around hot HR topics and answer your questions.

This series kicks off in April with a discussion of remote work. Is remote work the new normal? And if so, what risks exist and what steps can employers take to mitigate risks and manage employees?

Now, more than ever, it's critical for HR professionals to stay informed of legal developments and to take steps to reduce risks. You may ask questions during the Q&A or submit them when you register.

1.0 hour CLE credit pending and 1.0 hour of HRCI credit approved. This program is valid for 1.0 PDCs for the SHRM-CP® or SHRM-SCP®.

Questions? [Email Courtney Brown](#) or call 317-231-7312.
