2021 was (another) one for the record books – from vaccines and politics, to investments and record growth - Indiana's life sciences sector, the state, and the country will never be quite the same.

Please join us in person as we talk with industry leaders, review some of the top stories from this past year, and discuss what we might take with us into 2022. You won't want to miss this opportunity to network with peers over lunch and celebrate being back together for the first time since February 2020. Break out the party hats! We look forward to seeing you – either in person or via the
