Anticipating a rise of divestiture activity, our panel of experienced professionals will discuss wisdom for sellers and acquirers if considering embarking on this type of transaction. This webinar will cover a broad array of “Divestitures 101, 201 and 301” topics, including:

- Divestiture vs. carve-out vs. spinoff transaction
- Valuation issues

- People, process and technology integration issues
- Disentanglement issues
- Divergent auction process tactics
- Legal issues
- Managing Transition Service Agreements

This webinar is ideal for c-suite management teams, corporate development teams, SMBs, and M&A advisers. It will be a Q&A in order to cover a vast number of topics related to the challenges that both buyers and sellers face when preparing for, transacting and integrating divestitures.
